Winter Safety Tips from ViaInsurance Agency

This winter, stay vigilant about fire safety in your home! Taking these precautions can protect your home and save lives.

- Keep fuel and wood stored away from fireplaces and wood burners.
- Position space heaters at a safe distance from curtains, blankets, and upholstery.
- Place candles carefully, avoiding proximity to lampshades and other flammable items.
- Monitor plug-in air fresheners, as empty fragrance vials can pose a fire risk.
- Always double-check that electric blankets are turned off when not in use.
